dōTERRA

PRODUCT INFORMATION PAGE

CP TG Certified Pure Therapeutic Grade

Application: **Plant Part:**
A T I N Wood

Extraction Method:
Steam distillation

Aromatic Description:
Woody, dry, sweet

Main Chemical Components:
 α -santalol

PRODUCT DESCRIPTION

Sandalwood is a name given to a class of fragrant woods that, unlike other aromatic woods, can retain their fragrance for decades. Both the wood and oil have been highly valued for centuries and Sandalwood has a documented history of many applications. It was traditionally used as an incense in religious ceremonies and for enhancing meditation, and the Egyptians used sandalwood for embalming. Sandalwood is very beneficial to the skin; it can help reduce the appearance of skin imperfections and it promotes a healthy, smooth complexion. Sandalwood has a sweet, woody aroma that can enhance mood and is frequently used in meditation for its grounding effects.

USES

- For an at-home spa experience, fill a large bowl with steaming water, then apply one to two drops of Sandalwood to your face and cover head with a towel. Place your face above the steaming water. Your skin will feel nourished and rejuvenated.
- Apply one to two drops to wet hair to help restore moisture and give hair a silky shine.
- Inhale Sandalwood directly from palms or diffuse to lessen tension and balance emotions.

PRIMARY BENEFITS

- Promotes healthy looking, smooth skin
- Reduces the appearance of scars and skin imperfections
- Enhances mood
- Frequently used in meditation for its grounding and uplifting properties

Sandalwood
Santalum album 5 mL

Part Number: 30210001
Wholesale: \$61.75
Retail: \$82.33

DIRECTIONS FOR USE

Diffusion: Use three to four drops in the diffuser of your choice.

Internal use: Dilute one drop in 4 fl. oz. of liquid.

Topical use: Apply one to two drops to desired area. Dilute with dōTERRA Fractionated Coconut Oil to minimize any skin sensitivity. See additional precautions below.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
